EVACUATION

“SHOULD I STAY OR SHOULD I GO?”

Decide now if you'll need to evacuate your home in the event of a hurricane. Residents in low-lying areas, barrier islands and mobile homes should seek shelter when conditions warrant. Many coastal roads could be underwater well in advance of a storm, restricting their use as evacuation routes. If you are going to leave the area, be prepared to evacuate early and head inland to avoid the high winds and heavy rains that precede the arrival of a storm. If an evacuation is called for, and you do not evacuate, you will be without fire rescue, law enforcement or emergency medical support until winds and waters subside.

If your home was built after 2002, and you are not in an evacuation level, you may be more comfortable sheltering in place. A 2005 University of Florida study concluded that homes built under the 2002 Florida Building Code sustained less damage on average than homes built between 1994 and 2001 under the Standard Building Code. Homes built before 1994 also fared worse than those built after that year.

IF YOU'VE DETERMINED THAT YOUR HOME IS NOT SAFE TO RIDE OUT A STORM

Stay with a friend or leave the area

Emergency management agencies recommend you arrange to stay at a "host home" outside the evacuation level. A host home is the home of a friend or family member who has agreed to provide temporary shelter for you and your family. Ask an out-of-state relative or friend to serve as the "family contact." Make sure everyone in the family knows the name, address and phone number of the family contact.

Move to an evacuation center

In the event of a hurricane watch, Sarasota County will open all evacuation centers at the same time. Hurricane evacuation centers are not hotels and will not be able to provide any conveniences or luxuries. You will have no privacy and have limited space in a public classroom or hallway, and meal service may be delayed. Evacuation centers cannot provide bedding, cots or blankets. If you suffer from pet allergies, be aware that you may be exposed to domestic animals located inside evacuation centers. Every effort will be made to assist with limiting the exposure, but cannot be guaranteed.

- ▶ Going to an evacuation center should always be considered a last resort measure.
- ▶ Never go to an evacuation center until local officials announce it is open.
- ▶ Evacuation center information will be updated on the county's website (scgov.net), on local radio and television stations, and on the county's Facebook and Twitter accounts.
- ▶ During the COVID-19 pandemic, it is impossible to ensure a virus-free evacuation center.
- ▶ All evacuees will be screened for health upon arrival and before registration. If this is deemed necessary, be prepared to wait in line (or in your car) to be screened.
- ▶ Depending on the results of health screening, you may be designated to an area for symptomatic evacuees.

HURRICANE EVACUATION CENTERS	ADDRESS

Woodland Middle School	2700 Panacea Blvd., North Port
Atwater Elementary School	4701 Huntsville Ave., North Port

A CHECKLIST FOR EVACUATING

Before you go to an evacuation center:

- Locate the water shut-off valve for your residence. The valve is generally on the side of the house nearest the water meter/backflow prevention device, or may be inside the garage.
- Turn the valve to the off position. This will help minimize damage to the interior of your home should a pipe burst.
- Follow the manufacturer's recommendations for turning off your pool and/or water heater and unplug them, and switch off the circuit breaker.
- Place an ice cube or two in a sealed plastic bag or small container in the freezer. If the ice cube has melted down from its original shape by the time you return, you'll know the power was off for an extended period of time and that you should throw out any food.
- Turn off the power and shut off the water valve to your irrigation system.
- Remove loose items, decorative and otherwise, outside the house and in the yard, and place them inside.
- Alert friends or family members of your plans and how they can contact you.

What to bring to an evacuation center:

- Disinfectant wipes (or spray and cleaning cloths).
- Hand sanitizer.
- One to two facial masks.
- Flashlight (in case your center loses power).
- Your insurance, Medicare or Medicaid cards, driver license or photo I.D.
- Your children's immunization and other important health and insurance records.
- Each family member's medications, along with dosage information and physician's contact information.
- Drinking water.
- Snacks or special foods.
- Bedding and pillows.
- Book or electronic entertainment items with headphones and chargers.
- Change of clothing.
- Personal hygiene items (including toilet paper).
- Games/comfort items for children.

HOW TO GET TO AN EVACUATION CENTER

- **Personal transportation.**
- **Sarasota County Area Transit (SCAT) service:** visit scgov.net for schedules.
- **Get to a transportation rally point.** For those who cannot drive or otherwise be transported by family, friends or neighbors, Sarasota County will provide last-resort, free bus transportation for you and your pets (along with a limited amount of supplies) to and from a general population, evacuation center. Transportation will be offered at designated rally points throughout the county. Bring a face mask and be prepared to wear it on the bus.

If you cannot drive to a rally point:

- ▶ Visit scgov.net (keywords evacuation centers) NOW to complete the online registration form.
- ▶ The form will include guidance for those who cannot drive or walk to a designated rally point.

NOTE: In general population centers, you will be limited to approximately 20 square feet per person, or 40 square feet per person if social distance is required. In medically dependent centers, the square footage may be limited to 60 square feet for evacuees and their caregiver.

Homeowners- Prepare Your Home

Hurricane research studies have shown that on average; homes built under the 2002 Florida Building Code sustained less damage and when paired with shutters may be safe to stay in as long as they are not in an evacuation area.

Homes built between 1994 and 2001 under the Standard Building Code sustained more damage and homes built before 1994 fared even worse.

Before storm season begins, take the following steps to protect your home:

- Secure loose rain gutters and downspouts, and clear clogged areas or debris.
- Secure and reinforce your roof, windows and doors, including garage doors.
- Consider building a FEMA safe room designed for protection from high winds and flood waters.
- Learn how and when to turn off gas, water and electricity.

Mobile or Manufactured Homes

Mobile homes are unsafe shelter in high winds no matter how well fastened to the ground. Take precautions to ensure that your mobile home is properly secured to reduce possible damage to your home and your neighbor's property.

- Check tie-downs annually. Make sure straps are tight, properly aligned and not on an angle.
- Verify that ground anchors and stabilizer plates have been installed properly.
- Be sure support piers are in contact with the frame.
- Replace straps or ground anchors that show signs of corrosion or damage.

For detailed information or to verify a contractor's license, call the Department of Highway Safety and Motor Vehicles, Bureau of Mobile Home and Recreational Vehicle Construction at 850-617-3004.

Checklist for Sheltering in Place

- Clean bathtub or other large containers and fill with water.
- Drinking water, one gallon per person, per day, for at least three days.
- Canned food and a can opener.
- Paper items.
- Baby needs.
- Medications, prescriptions and a first aid kit.
- Battery-operated television or radio, flashlight and extra batteries.
- Cash (ATMs may be out-of-service).
- Pet supplies.
- Photocopies of important documents (birth certificate, license and insurance).
- Full tank of gasoline in your car.

DISASTER SUPPLY KIT CHECKLIST

General

- At least two weeks supply of medication, medical supplies used regularly and a list of allergies
- List of the style, serial number, and manufacturer information of required medical devices
- Flashlight
Do not use candles and be sure to have enough batteries
- Radio
Battery operated or hand cranked radio, a NOAA weather radio
- Cash
Banks and ATMs may not be available after a storm

Pet Care Items

- Pet food and water
- Proper identification
- Medical records/ microchip info
- A carrier or cage
- Muzzle and leash
- Water and food bowls
- Medications
- Supplies for your service animal

Clothing

- Include seasonal or rain gear and sturdy shoes or boots.

Special Needs Items

- Be sure to include specialty items for infants, small children, the elderly, and those family members with a disability.

First Aid

- First Aid Manual
- Sterile adhesive bandages of different sizes
- Sterile gauze pads
- Hypoallergenic adhesive tape
- Triangular bandages
- Scissors
- Tweezers
- Sewing needle
- Moistened towelettes
- Antiseptic
- Thermometer
- Tube of petroleum jelly
- Safety pins
- Soap
- Latex gloves
- Sunscreen
- Aspirin or other pain reliever
- Anti-diarrheal medicine
- Antacid
- Laxative
- Cotton balls
- Q-tips

Food and Water

- Food
Enough for at least seven (7) days, nonperishable packaged or canned food and beverages, snack foods, juices, baby food, and any special dietary items
- Non-electric can opener
- Paper plates
- Napkins
- Plastic cups
- Utensils
- Water (1 gallon per person)

Important Documents

- Insurance cards
 - Medical records
 - Bank numbers
 - Credit card numbers
 - Copy of social security card
 - Copies of birth and/or marriage certificates
 - Other personal documents
Set of car, house, and office keys
 - Service animal I.D., veterinary records, and proof of ownership
 - Information about where you receive medication, the name of the drug, and dosage
 - Copy of will
- *Items should be kept in a water proof container*

Vehicle

- Keep your motor vehicle tanks filled with gasoline

Phone Numbers

- Maintain a list of important phone numbers including: county emergency management office, evacuation sites, doctors, banks, schools, veterinarian, a number for out of town contact, friends & family

COVID-19 Supplies

- Face masks
- Disinfectant wipes
- Hand sanitizer

SARASOTA COUNTY HURRICANE EVACUATION CENTER COVID-19 Health Screening Confirmation and Release of Liability

Sarasota County Government wants to ensure that you, our community members seeking safety from severe weather, understand the risks and responsibilities that accompany the choice to seek shelter in a congregate setting during a COVID-19 outbreak. Therefore, all evacuees over the age of 18* are required to confirm the following prior to entering the facility:

- You and all members of your household are not experiencing any of the following symptoms: cough, shortness of breath or difficulty breathing, fever, chills or repeated shaking with chills, muscle pain, headache, sore throat, or new loss of taste or smell.
- You and all members of your household are not currently under quarantine due to having tested positive for COVID-19 or due to having been exposed or potentially exposed to COVID-19.
- Within the past two weeks, you and all members of your household have not:
 - ▶ Tested positive for the COVID-19 virus.
 - ▶ Had close contact with anyone confirmed to have the COVID-19 virus.
 - ▶ Traveled internationally, domestically to another state, or via a cruise.

If the answer is yes to any of the questions above, you must notify Screening staff or Evacuation Center staff immediately upon arrival.

- You agree to abide by all safety and social distancing measures, including:
 - ▶ Avoiding congregating in groups other than those who accompanied you to the center.
 - ▶ Maintaining 6 feet of distance between yourself and other persons not in your family unit at all times.
 - ▶ Wear cloth face coverings in accordance with CDC guidelines at all times except for drinking and eating (except age 6 and under). If you do not bring one, you will be provided a surgical or cloth mask.
- When not wearing a face mask due to eating or drinking, cover your mouth and nose with a tissue as much as possible. Remember to cover coughs or sneezes with a tissue or the inside of your elbow. Throw used tissues in the trash.
 - ▶ Hand sanitizing and/or hand washing frequently with soap and water for at least 20 seconds.
 - ▶ If you or a member of your family feels ill, you will report the symptoms immediately to Evacuation Center Management.
 - ▶ Sleeping in a position of head to toe with surrounding non-family evacuees.

SARASOTA COUNTY HURRICANE EVACUATION CENTER
COVID-19 Health Screening Confirmation and Release of Liability
(continued)

WAIVER AND RELEASE OF LIABILITY: By entering on these premises, you hereby release and forever discharge Sarasota County Government and the Sarasota County School District, its managers, directors, members, agents, staff, volunteers, heirs, representatives, predecessors, successors and assigns (the "Released Parties"), for any physical or psychological injury, including but not limited to illness or death due to COVID-19, paralysis, damages, economical or emotional loss, that you may suffer as a direct or indirect result of your use or entry onto these premises. By entering into these premises, you hereby, for yourself, your heirs, executors, and assigns, knowingly and voluntarily waive and release the Released Parties of liability and waive any and all rights, claims or causes of action of any kind whatsoever, including the negligence of the Released Parties, arising out of your use or entry into these premises. You agree to voluntarily give up or waive any right to bring a legal action against the Released Parties for personal injury or property damage.

Medical Needs Program

About the program

Sarasota County residents with qualifying medical needs are encouraged to apply for registration as a medically-dependent person (MDP). It is important to apply in advance for this program so, if qualified, you will be on the county's registry for transportation and sheltering at a medically-dependent Evacuation Center during a disaster. Pre-registration helps us to help you when time is limited.

All MDPs must bring a caregiver to the designated medically-dependent evacuation center. The caregiver must be able to:

- Assist you with all activities of daily living, including dressing and toileting.
- Lift you to/from toilet and cot and wheelchair as needed.
- Assist you with walking (with or without walker), assist with wheelchair.
- Transport food from cafeteria to you as needed.
- Assist with medication and any treatments as needed.
- Monitor your oxygen usage.
- Provide evacuation center management with a discharge plan in the event the you cannot return to your home.

You are permitted to bring your spouse/significant other and dependents (limited to high school age and below, living in same household) with you in addition to your caregiver. Many times the caregiver is a spouse/significant other; please be sure he/she can fulfill the caregiver responsibilities outlined above.

There is no guarantee that household members will be housed in the same room as you or that bedding/cots are will be available for them.

How to Apply

Submit an application to Sarasota County Emergency Management. Two ways to submit applications:

1. Complete the [Medically-Dependent Person online application form](#). (**online applications will stop being accepted at 60 hours prior to expected impact of storm**). NOTE: This application works best in Google Chrome. You can copy the web address from above and paste into a Chrome browser.
2. Complete a paper application and fax or mail it to emergency management. (NOTE: this method may delay the processing of your application. Here is the [Medically-Dependent Person Application](#). (**paper applications will stop being accepted at 120 hours prior to expected impact storm.**) This paper application must be opened in Internet Explorer. If you're not using Internet Explorer to view this page, right click on the link, select "copy link address" and paste the link into Internet Explorer.

Mail to:

Emergency Services
6050 Porter Way
Sarasota, FL 34232

FAX to: (941) 861-5501

If you are having difficulties viewing the document in your current browser, please try using Explorer.

What to bring with you

Evacuation center space can be limited depending on how many people seek evacuation. Please limit your belongings to: clothing and personal hygiene items for up to three (3) days. Limit one (1) suitcase/bag per person as space is limited. Bring clothing suitable for layering as the temperature of the evacuation center may vary.

- Pillow and quilt or heavier blanket.
- Two weeks of medications.
- Extra small "travel" bottles of oxygen, if applicable.
- Walker/cane if needed.
- Wheelchair or electric scooter and charger, if applicable (**NOTE:** the schools are very big and hallways are very long).
- Any medical equipment/supplies needed (i.e. sharps container, catheters, incontinence supplies, c-pap, etc.).
- Special dietary foods, in a cooler, as special diets cannot be accommodated.
 - There is no refrigeration space for food and only limited space for medications.

Additional items to bring:

- List of current medications.
- Phone numbers for emergency contacts and doctors.
- Address and phone number of where you will go if you cannot go back to your home (due to damage or no power) when the storm is over. This is very important as the evacuation centers will close and a back-up place of residence may be needed.
- Extra battery for phones and personal electronic devices as only essential medical equipment will be plugged in if the power goes out and the evacuation center is on generator power.

Be sure to label (name and phone number) all equipment and belongings. This will help us make sure you receive your items if lost or left behind at the evacuation center.

Before you leave your home be sure to leave your answering machine on or a porch light on to make it easier to determine if your electric has been restored.

The safety of your family pets depends on you, especially in an emergency. During severe weather or other emergency situations, if it is unsafe for you to stay in your home, it is also unsafe for your pets. Don't leave your pet behind and don't use your pet as an excuse not to evacuate.

The best plan is to identify a safe location that allows pets. Keep in mind that boarding kennels may be without electricity or potable water and have limited personnel and supplies for days to weeks following a disaster.

Don't put yourself, your family and your pet at risk! You are responsible for planning for your pet. Just as you should prepare an emergency kit for yourself, you should also prepare one for your pet. If an evacuation is called for, take your pet-emergency kit with you wherever you go. The safety and successful evacuation of your family and pets depends on a good plan and being prepared with the proper supplies.

All of Sarasota County's evacuation centers are pet-friendly, but you must be prepared before you go. Bring a crate for your pet if you plan to stay in a Sarasota County evacuation center. If your pet is not accustomed to being confined, acclimate it to the crate before an emergency to help alleviate stress.

Sarasota County evacuation centers accept only domestic dogs and cats.

Some evacuation center locations are now accepting pets. Pets that are accepted will be kept in a separate area.

All pets must be current on vaccinations and have all necessary supplies (crate, food, etc.).

If you do not wish to be separated from your pet you may want to consider evacuating to a pet friendly hotel outside of the evacuation zone.

SARASOTA COUNTY EVACUATION CENTER RULES FOR PET OWNERS

As the owner of a pet who is taking refuge from severe weather in a Sarasota County Evacuation Center (SCEC), I agree that I will:

1. Report to the designated pet registration location prior to the impact of the storm.
2. Maintain personal and pet identification information on myself, my pet, and its cage.
3. Provide an appropriate animal crate or cage for pets.
4. Ensure my pet has the appropriate vaccinations.
5. Recognize that pets are only permitted to enter designated "pet areas".
6. Feed, water, sanitize and exercise my pet on a scheduled frequency of no less than twice daily until the arrival/departure of 45 mph winds.
7. Properly and immediately dispose of any waste created by my pets.
8. Properly leash my pet when it is outside of the cage.
9. Not permit other shelter occupants to handle or approach my pet(s).
10. Keep cage doors latched and firmly secured.
11. Recognize that pets demonstrating unruly or aggressive behavior, showing signs of contagious disease, or are infected by parasites (fleas, ticks, lice, etc.) may not be accepted or may be quarantined. Ensure my pet is being protected by flea/tick preventive.
12. Recognize that failure to follow these rules may result in the removal of the pet(s).
13. Know that pets found, abandoned or without an owner present, are relocated to Sarasota County Animal Services. Final disposition is left to the discretion of Sarasota County Animal Services.
14. Understand that exotic animals are not permitted in County evacuation centers.
15. Recognize that I am liable for all damages caused by my pet.
16. Acknowledge that I am liable if my pet injures any person or any other animal.
17. Realize that during storm conditions (winds > 45 mph), if my pet is in a separate building, I am not permitted to shelter with or visit my pet.
18. Understand that an environment where many animals are grouped together may represent some risk to my pet's health and/or welfare and by remaining in this location I accept that risk.

REQUIRED PET EVACUATION KIT ITEMS

Items you must bring for your pet:

- Supplies such as any toys, comfort items, blankets, bedding supplies, etc. A minimum of a three (3) day supply of non-perishable food and water for each pet
- Appropriate bowls or dishes for each pet's food and water
- Appropriate crate/cage for each pet (specifications are below); for cats, large enough to include a litter pan
- If your pet is a cat, cat litter, scoop and pans (pan must fit in crate)
- A sheet or other covering material for each crate to reduce the visual stimuli of the pet
- A secure collar and sturdy leash for each pet
- Pet waste bags, disinfectant and paper towels
- Medications needed including Flea/Tick preventive

Although we do not list numeric specifications for the size of any one crate or cage, the following criteria apply for dogs and cats:

Housing must be large enough to allow the pet to stand, turn around, and fully recline. It should be constructed of wire or heavy plastic and must be well ventilated. Crates/cages excessive in size and exercise pens are not allowed. Smaller pets may be housed together if they are fully socialized and the provisions for movement are met for each pet.

Recommended Vaccination Guidelines for Dogs:

Rabies (Required by Florida law)	Distemper/Parvo (Recommended)
Bordetella (Recommended)	Coronavirus (Recommended)

Recommended Vaccination Guidelines for Cats:

Rabies (Required by Florida law)	Feline Leukemia (Recommended)
Rhinotracheitis (Recommended)	Calicivirus (Recommended)
Panleukopenia (distemper) (Recommended)	

SARASOTA COUNTY EVACUATION CENTER

PET AGREEMENT

- I have received, read and understood the “Rules for Pet Owners” and “Required Evacuation Pet Kit Items” and agree to abide by the “Rules for Pet Owners” and provide the listed items on the “Required Evacuation Pet Kit Items” for my pet(s).
- I certify that my pet(s) are in good health. If at any time my pet is deemed a health or safety risk to any person or animal, quarantine or removal may occur. This includes flea or tick infestation or any active parasitic or fungal infection such as ringworm or mange. I agree to my pet being examined upon request. I understand and agree that at all times, regardless of compliance with all requirements, Evacuation Center Management retains sole discretion in accepting persons and pets to the Evacuation Center.
- I certify that my pet(s) are current on all required vaccinations.
- I understand and agree that if for any reason my pet is left behind, it is considered abandoned and I will be responsible for any and all fees, fines, or monetary remittance payable to Animal Services under their adoption, reunification, or euthanasia policy.
- I understand that the feeding, replenishing of water, and removal of waste materials from the cage or designated area is the responsibility of the adult family member. Immediately upon request of Sarasota County Evacuation Center (SCEC) staff to care for my pet, I will do so and perform any feeding, watering, or waste removal necessary.
- I hereby agree to hold harmless all persons, organizations, corporations, or government agencies involved in the care and sheltering of my pet(s) at the SCEC and agree to waive any claim against such persons, organizations, corporations or government agencies involved in the care and sheltering of pet(s) at the SCEC. I further agree to indemnify any persons or entities, organizations, corporations or government agencies which have suffered any loss, damage, or claim related to the care and sheltering of my pet(s) at the SCEC.

I have read, understood and agree to the above rules and conditions.
