## MANAGER MUSINGS

by Lee Morris

Could 2021 come fast enough? Can we say goodbye to a very difficult and eye-opening 2020?

Did anything good come out of living through a Pandemic? Let's see: (One example)

Polio is considered the last great "Pandemic". Researchers began working on a polio vaccine in the 1930s, but early attempts were unsuccessful. An effective vaccine didn't come around until 1953, 23 years later when Jonas Salk introduced his inactivated polio vaccine (IPV).

Covid-19- our current Pandemic saw a vaccine developed, tested, then produced and distributed in large quantities in less than 6 months. Looks like progress, doesn't it?

We have believed in closing and cancelling events when required or when we don't feel it can be held safely for our residents. If we can host the event safely, we try and make it work, knowing full well it is always up to the Resident to see if he/she feels safe attending. We don't make judgements.

This month we have 2 coffees planned and an Outdoor Drive-In Golf Cart movie in our parking lot. The movie can also be attended with lawn chairs and social distancing will be in force. Popcorn will be provided by Tri-Par and the movie is a favorite of all time. My Favorite Year with Peter O'Toole. It should be fun! Please join us.

P.S. I lost my Mom in November and many of you dropped off cards, expressed your sympathies, or called to speak with me. Thank you to Tri-Par for the kind wishes. You truly make this park feel like one big family that takes care of one another.

Regards,  
Lee

## Are Your Tie Downs Tight?

- Hurricane Anchors • Tie Downs
- Leveling • Blocking • Carport Tie Downs
- Stabilizing Devices • Roof-Over Strapping

- Replace Rusted Anchors • Add Anchors
- Longitudinal Stabilizing • Retro-fit to Current State Standards

If your home moves even a few inches during a storm your home will suffer severe damage. Loose tie downs do not protect your home, they must be tightened every 3 to 5 years. Have your tie-downs inspected NOW, before the storms!

**VETERAN of HONOR 2020 – RICHARD CROWDER**

Due to tropical storm Eta we were unable to hold the Tri-Par Annual Veterans Day event. We were able to provide Tri-Par's 2020 Veteran of Honor, Richard Crowder, with this beautiful quilt made by Georgia Wos. He loves it!

Mr. Crowder joined the U.S. Navy in 1947 at the age of 17. He was assigned to boot camp at the Great Lakes Naval Station, home of the United States Navy's only boot camp. He was trained for electronics at Millington Naval Base in Millington, Tennessee

He was assigned to the Elite VP-45 Squadron. They flew patrol missions in a PBM amphibious plane over Bermuda. Many of his flights were to patrol what is known as the "Bermuda Triangle".

Mr. Crowder achieved the rank of Petty Officer 2<sup>nd</sup> Class in the Navy. He is a retired Environmental Health Specialist for the Virginia State Board of Health. Richard lives in Tri-Par's West side and is an avid reader of books from the Tri-Par Library.

***We Salute and Recognize  
Mr. Richard Crowder as Tri-Par's 2020  
Veteran of Honor***

and

***Thank You Georgia for the  
Fabulous Patriotic Quilt***

**MEET YOUR NEIGHBOR** by Vicki Cooper**Meet Betty Hand**

Meet Betty Hand, the girl with a voice that can be heard across any gymnasium. Ed and Betty have been married for 51 years, and it is a second marriage for both. They met at a VFW dance, dated for two years, married and combined two households. Together they have 5 children, 8 grandchildren, and 10 great grandchildren. But Ed can still remember hearing that voice across the gymnasium when they were in high school and he was visiting on a rival team. How interesting that he married that voice!

Betty graduated from Wakarusa High School in 1953 and immediately went to work for the Chicago Telephone System, CTS, in Elkhart, Indiana. Her Aunt told her about the job and the benefits, and Betty worked there for 42 1/2 years as a machine operator where they would make car parts and car sensors. She retired in 1996.

Under hobbies Betty loves camping and bowling, which she also did for 42 years! She and Ed traveled by pulling a camper and going out with a camping group called the Gypsy Rovers. Their traveling brought them to Florida and they came to Tri-Par to visit family (Betty's sister resided on Olympia Fields Street), and friends. It was the year 2000 when the home at 1704 Midlothian Street came up for sale and instead of buying a new camper they decided they liked the windows and the home on Midlothian enough to buy it. Keeping the good fortune of living at Tri-Par and keeping it in the family, Ed's brother, Al Hand bought a home in Tri-Par too.

Betty says she likes to send cards and that she likes people. She does horseshoes, canasta, aqua bells, and is President of the Midwest Club, a post she has held for 20 years.. Her favorite song is "Unforgettable." If you have been to a Midwest pot-luck dinner you would recognize that voice. The voice is what we like about Betty and her welcoming smile and wonderful sense of humor, she is unforgettable!

**CHRISTMAS TEA – THANK YOU** by Lois Wegner

---

A "HUGE" thank you to the ladies who filled stockings even though there was no Christmas Tea. This year the stockings were given to Mothers Helping Mothers to be included in their Christmas shopping spree for their clients.

The ticket money will be donated to the Salvation Army.

Looking forward to December 7, 2021. That will be the scheduled date for the Christmas Tea. God Willing, the Covid pandemic will be over by then.

---

**THANK YOU** by Birdie B.

---

Thanksgiving Dinner went well. We sold 86 tickets. I want to thank all the volunteers and staff who helped make this a success: Kathy Vesty, Cindy Little-Koenig, David Koenig, Carla Wisler, Chuck Koenig, George Lamore, Carol Bryant, Lee Morris, and Angelo Sammarco.

The Christmas Tree Lighting went well. Approximately 40 residents attended. Hot chocolate and cookies were served through the window to those outside where they practiced social distancing.

Thanks to all of the Residents, Staff and the Board of Trustees for being the Volunteers of a difficult year.

I want to thank the ladies who helped decorate the Christmas trees in the Clubhouse: Diane Bolyard, Doris Zehr, Alma Farmwald, Lana Short and Betty Hand. Many hands make light work.

Thanks to All!  
Birdie

by Pastor Don Olson

*Open Bible Study*

*Every Wednesday*  
*10:30 am - 11:30 am*

*REC HALL -Room B*

Everyone is welcome to join us for this one-hour Bible Study on the Book of ROMANS.

The Book of ROMANS is considered one of Paul's most significant letters to the first century church...specifically the church in Rome. In this letter, we hear some of the clearest theology about who Jesus Christ is and what his time on earth accomplished. As we are taught solid theology, we also hear practical teaching on how we are called to apply this Biblical theology.

Come and join us as we hear Paul speak to the first century Christians as well as Christ's followers in the twenty-first century. That is you and me. Come and grow in your relationship with Jesus Christ.

**FLEA MARKET FINANCIAL COMMITTEE** by Georgia Wos

---

---

We had our first meeting of the Flea Market Financial Committee on Monday, December 7, 2020. Our treasurer reported a balance of \$22,960.00. There was one request for 3 dog waste stations for the cost of \$822.96. After a lengthy discussion, a motion was made to table the request and ask that this request be placed on the agenda of the upcoming workshop so that we could get a better understanding of how the residents feel.

Our next meeting of the Flea Market Financial Committee will be on the second Monday of January. We will meet in Meeting Room B at 9 am. If you have a request please fill out the form available in the office followed with a quote and return it the Flea Market folder in the office. All requests must be in by the Thursday prior to our meeting. Looking forward to your requests.

**FLEA MARKET UPDATE**

---

---

by Darlene Thompson

Based on conversations with many Flea Market volunteers; we have made the decision not to hold our annual March Flea Market as we have in the past. COVID 19 has certainly changed the way we do things and unfortunately this is no exception. The safety of our community is our first priority, and we must keep that in mind as we move forward.

Due to the cancellation of the March 2021 Flea Market, we will no longer accept household donations. We will continue to take all scrap metal and will take pre-approved donation items of very good quality (resale value potential of \$100 or more) that we can sell online.

Our volunteers will be unable to enter any homes to collect any pre-approved donated items so they must be moved outside or into the carport. Please be aware that our volunteers will be wearing masks when required or when they can't social distance.

This does not mean that your Flea Market Committee is still not hard at work bringing in funds for our activities and clubs. There is some good news coming out of this.

The good news is that the scrap prices are up, and the volunteers have been processing the scrap donations to the tune of \$2,404 so far for this year. Additionally, the selling of pre-approved donated flea market items such as bikes and furniture has brought in another \$765 so we now have a grand total of \$3,169 as of the beginning of December. The scrap crew has set a goal of \$4,000 for this year and they certainly are off to a great start!

We have collected items over the summer months that need to be sold rather than storing them long term. We will be arranging for a one-day yard sale on a much smaller scale which will be held outside in an effort to clean out the sheds. Look for that to be advertised soon.

Continue to call Brad for any scrap donations that need to be picked up at (617) 548-3343.

Stay Safe and Happy New Year from the Flea Market Team!!

*"HAPPY NEW YEAR"*

Happy New Year! Yep, 2021 is here.

I just finished reading all of our Christmas Cards that we received for 2020. It was wonderful reading all of them and catching up on many friends' lives. Yet almost everyone's news felt a little melancholy. At a minimum, everyone said, "2020 was a different year" and "hope 2021 is better." Even though I understand all those sentiments, I wonder what it means that "I hope 2021 is better?"

Does that imply that 2020 was bad? I don't think it was all bad. We have all learned new ways of doing things. We have all been forced to evaluate what is really important in life. We have had to become a little more intentional in our relationships. These are all good things.

Don't misunderstand me, there were also great struggles. Struggles physically, emotionally, mentally and spiritually. Change brings struggle. So what do you hope for in 2021? How do you perceive that 2021 can be better?

I am sure most of us want to gather together and not worry about giving or receiving the coronavirus. Personally, I look forward to having a meal together. Maybe a little kinder discourse and not all the mean-spirited fighting. Maybe global peace.

What I want most of all for 2021 is that you know how much you are loved and how valuable you are. I want you to know this from me and from your other friends and family. But most of all, I want you to know this from your creator, Almighty God. I am not going to preach a sermon. I have nothing more to say than:

God loves you and you are valuable to Him. If you know this, 2021 will be a good year.

On the journey of life with you,

Pastor Don Olson

**TRAVEL CLUB & MIX and MINGLE** by Debbie Yates

In December, a small group of us gathered for an exciting bus trip to Punta Gorda. We were able to socialize and shop on Fisherman's Wharf, enjoy a delicious dinner at the Captain's Table on the wharf and then enjoy a boat trip seeing the Holiday lights of Punta Gorda harbor.

In December we started planning for the upcoming year. Since most venues are still very limited we opted to schedule no further activities until it has been cleared by Florida Governor. Some potential activities we have looked at include: Arcadia Rodeo in March, Mystery Dinner Theater at the Manasota Winery, Marina Jack Lunch boat ride and Gambling bus trip to St Pete.

If any activity becomes available before the printing of the next newsletter, we will post on TV.

Since the January 2021 trip was cancelled due to COVID 19, we did discuss the possibility of a group cruise for next January of 2022. As always if you have any suggestions for our group please contact Debbie Yates 941-932-2743.

Happy New Year!

### TIPS FOR CLEANING THE OUTSIDE OF YOUR HOME

#### Tips for Cleaning Siding & Skirting

In manufactured and mobile homes, the sidings and skirting are wall fittings for weatherproofing the home and in enhancing its aesthetic appeal. Commonly made from vinyl, aluminum, and brick, the skirting and siding need constant maintenance and cleaning for ensuring the effectiveness provided by the materials. Doing so will aid in extending the longevity of the siding while also preserving the look of mobile homes for sale. Below are some tips to effectively clean and care for manufactured home siding and skirting.

#### Vinyl Siding and Skirting

Made from PVC, vinyl siding requires less maintenance than other materials. Pressure wash is the recommended method for cleaning the siding as it removes all the dust and debris accumulated on the surface. However, using excessive pressure washing on the siding is not necessary when the surface has less dirt. In such a scenario, hand washing is the preferred method since it is gentler and aids in selectively removing dirt that is clinging on to the surface.

Abrasive tools should never be used to clean vinyl siding as they can cause scratches and discoloration of the sensitive vinyl surface. This is applicable on using harsh cleaning chemicals as well. Never use chemicals or solvents for the cleaning, and instead rely on soft detergents and cleaning agents. In addition, it is advised to avoid painting the vinyl siding after cleaning as it can get damaged in the process.

#### Aluminum Siding and Skirting

Aluminum siding is easier to clean and that makes the process quicker. For cleaning the siding, both pressure wash and manual cleaning are suitable. The washing should always follow from top to bottom for effectively removing the accumulated dirt on the surface. Mix the water with a mild detergent solution, gently scrub the areas, and rinse with water. For removing mildew, a bleaching solution is good whereas a siding wash is better for removing chalk build-ups.

#### Brick Siding and Skirting

Cleaning brick siding and skirting is also relatively easy like aluminum siding. Yet you need to ensure that you use only mild detergents for cleaning and use them along with gentle scrubbing with a brush, rinsing with water. Many stains can accumulate on the surface of brick siding that requires thorough cleaning.

For vegetable stains and algae, using a fungicide solution is the best way for removing them effectively. Scrubbing with the brush remains an effective way to clear any rust stains on the siding. After that, it is necessary to conduct a regular inspection of the siding and skirting to assess any problems caused by water damage and cracking.

## KNOW THE RULES

### State Laws

#### ***Florida Golf Cart Laws***

A golf cart may not be operated on public roads or streets by any person under the age of 14. A golf cart may be operated only during the hours between sunrise and sunset, unless the responsible governmental entity has determined that a golf cart may be operated during the hours between sunset and sunrise and the golf cart is equipped with headlights, brake lights, turn signals, and a windshield.

### Sarasota County

#### ***Contracting/Licensed Contractors***

Any new structure or improvements to an existing structure must be performed by a State of Florida or locally-registered Sarasota County contractor. Owner-builders can perform work with the applicable permit. To report suspected unlicensed contracting or activity, please call 941-861-5000 or Crime Stoppers at 941-366-TIPS (8477); you may remain anonymous.

#### ***ALERT Sarasota County --- REPLACES Code Red Warning System***

Welcome to Sarasota County's mass notification system for rapid emergency updates. This service sends alerts via phone, text and/or email, depending on user preference.

Alert Sarasota County will attempt to contact users by landline, cellphone, text message, email or mobile app push notification, depending on which contact information is provided. Manage your alert subscriptions at any time by returning to this website and logging in to your account. Opt-in for alert subscriptions offered by the county or your local municipality.

To register, click Sign Up above and select your area or jurisdiction of interest. If you are not sure which area or jurisdiction to sign up for, use the [Jurisdiction Map](#) to search your address. The interactive map will tell you the jurisdiction as well as provide a direct link to sign up.

Sarasota jurisdictions currently part of Alert Sarasota County:

- Alert Sarasota County – Sarasota County (unincorporated)
- Alert Sarasota County – City of Sarasota
- Alert Sarasota County – City of North Port
- Alert Sarasota County – City of Venice
- Alert Sarasota County – Town of Longboat Key

NOTE: County and municipality alerts can differ. You should register an account with the jurisdiction of your home address to ensure you receive alerts from that area. By also using the mobile app you will receive alerts from other areas based on location.

Residents are encouraged to download the free [Everbridge mobile app](#). This app allows users to see all public notifications issued through the Everbridge system.

ABOUT CODERED: Alert Sarasota County replaces the CodeRED system. CodeRED subscribers will need to register for an Alert Sarasota County account to continue receiving alerts. We cannot guarantee that CodeRED account information will be transferred to Alert Sarasota County.

YOUR INFORMATION'S SECURITY: Data entered into the Alert Sarasota County system is only used to send alerts and will never be sold. Call Sarasota County 941-861-5000 if you have questions.

**Sarasota County – Anonymous Reports**

One of our goals is to keep our Park safe and maintain a great quality of life. If you observe suspicious activity, please report what you observe by calling the anonymous tip line, 941-366-TIPS (8477).

**Non-Emergency Sheriff's Line**

Reports can also be made to the Non-Emergency Sheriff's phone at 941-861-5800.

**Sarasota County Code Highlights**

- **Junk, Trash and Debris.** Prohibited from being left in the yard and must be disposed of properly. This includes, but is not limited to wood, tires, automobile parts, hazardous waste, abandoned property, unusable or discarded household items, inoperative or discarded machinery or equipment, motor vehicles and trailers, which are inoperative or lack current license tags, solid waste, construction or demolition materials.
- **Unlicensed, Inoperative Vehicles.** All vehicles must be operable and have current license tags or must be stored in a completely enclosed building.
- **Overweight Vehicles.** Parking, servicing repair and storage of trucks, buses, vans, and tractor trailers in excess of 6,000 pounds vehicle empty weight is prohibited in residential or open use districts.
- **Living in Motor Homes or RVs in Residential Areas.** It shall not be used for living, sleeping, housekeeping or business purposes and shall not be hooked to any utilities.
- **Building Permits.** Before the start of any construction or structural repair, check with the County permitting Office (861-6678) to ensure if a permit is required.
- **Household Garbage and Yard Waste.** All waste must be in trash cans, plastic bags or tied bundles, weighing no more than 40 pounds. Put containers out no sooner than 5 pm on the day before pickup (Sunday) and remove them by 10 am the day after (Tuesday). All containers are to be stored inside or rear yards only. You must separate yard waste from solid waste.
- **Household Hazardous Waste.** Except for motor oil and filters, hazardous waste is not collected at the curb. You must bring these types of items to a collection center, neighborhood collection or community collection program for proper disposal.
- **Appliances.** Residents may call Waste Management at 493-4100 to schedule a pick-up for an appliance or an electronic item. Refrigerator and freezer doors must be removed before placing at curb. Request for pick-ups must be made 48 hours prior to your regular collection day. This service is included at no additional cost (item limits may apply).

Call the Sarasota Call Center (all violations) at 941-861-5000 or Code Enforcement at 941-861-6403 to report a violation of these codes.

**Recycling**

We are all aware of the need to cut down on our trash and the impact it has on our environment. Some activities you can undertake to reduce the impact of the waste you produce:

- **Waste Prevention.** Avoid buying more than you need. Print only documents and emails that must be legally stored in paper form.
- **Waste Reduction.** Avoid products with excessive packaging. Buy loose vegetables instead off pre-packed goods.
- **Reuse.** Repurpose plastic bags. Find creative ways to transform used containers into home storage bins.
- **Recycle.** We are all recycling in our homes, but sometimes find we are attending or running meetings or social events where the building does not have recycling facilities. (Such as our Tri-Par Clubhouse) Club leaders can arrange to have cardboard items, pop cans and steel cans taken home so that these articles can be recycled.

**Dogs and Cats**

Sarasota County Ordinance Chapter 14 contains the regulations concerning pets and other animals. These regulations contribute to the well-being of the pets in our community and, therefore, to the well-being of us all.

- Each year you must obtain a license certificate and tag for your dog or cat. In order to receive the license, your pet must be vaccinated against rabies by a licensed veterinarian. The official county license may be attached to a collar or harness and must be worn by the dog or cat at all times.
- Your dog or cat may not run at large on any public property or the property of another and must be under the direct control of a responsible person. Direct control always means immediate and continuous physical control of an animal (dog or cat) by means of a fence, leash, cord or chain of sufficient strength to restrain the animal.

- Under no circumstances shall a person improperly tether any animal. It is unlawful to tether an animal outdoors, except when all 10 conditions (listed in Sarasota County Code of Ordinances, Section 14-35) are met. The most important condition is, "The Animal is in visual range of the Owner, and the Owner is located outside with the Animal."
- There have been instances when individuals are frightened by the behavior of our animals. If this occurs to you or you observe anything listed above, please report the incident to Animal Services at 861-9500.

**F.I.S.H. Transportation (Free Medical Transportation)**

**Tri-Par Policies and Procedures**

**Background Check for New Owners, Renters, or Caregivers and Guests Who Stay More Than 30 Days**

Background checks are required for all first-time buyers, renters, or caregivers in Tri-Par Estates. A background check is also required for first-time guests staying more than 30 days. Renters, caregivers, and guests who have left the Park for 12 months or more must reapply for a background check. A per person application form and per person \$50.00 fee must be submitted to the Tri-Par Office a minimum of 30 days prior to the desired occupancy date for processing and the Board's action. The new application form is available at the Office.

**Board Approval Is Required Before Moving into Tri-Par**

If a renter, buyer, or caregiver moves in without the Board's prior approval, the first action will be to start the process to assess a fine against the owner in accordance with Section 22 of our deed restrictions. Secondly, unapproved renters or owners will be required to vacate the property and leave the park. If they refuse and it becomes necessary for legal action to remove the unapproved occupant(s), the Board of Trustees shall be entitled to recover all costs, including, but not limited to, reasonable attorneys' fees (Section 21 of Deed Restrictions) from the property owner.

**Use of Tri-Par Common Facilities**

All visitors under 18 years of age must be accompanied by a parent or adult when using Tri-Par Facilities. No one under 18 is permitted in the Spa or in the Exercise Room. Most of us noticed more guests this year than ever before. It is important that we ensure that our guests are made aware of the rules of the Park.

**Speed Limit in Tri-Par**

The speed limit throughout our Park is 20 MPH. We have many walkers, bikers, and people on their golf carts every day. For the safety of all our residents, please do your part in observing the speed limit. When you have guests, let them know we would very much appreciate their maintaining the 20 MPH speed limit within the Park.

# LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

***Call today for a FREE Under Home Inspection***

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.
